Ricardo Grez

Santiago, Chile | linkedin.com/in/ricardogrez | rgrezzzz-m.github.io

SUMMARY

Senior commercial leader with over 10 years of B2B consultative selling to corporations and large enterprises across cross-industry territories (Government, Healthcare, Education and Utilities), orchestrating ecosystems of global technology partners and vendors to structure and close high-value deals.

Consistent track record in new business development and complex sales cycles for IT solutions and services: multicloud, hybrid cloud, cybersecurity and digital transformation. Recognized for building trusted relationships with C-level stakeholders, managing highly complex strategic accounts and delivering measurable results focused on business financials.

Data-driven executive with proven ability to lead commercial teams and coordinate technical specialists toward common goals. Adds applied knowledge of generative and agentic AI to solve business problems.

CORE SKILLS

Commercial leadership · Business development · B2B consultative selling · C-level relationships · Territory and account management · Demand generation · Sales forecasting and pipeline (Salesforce) · Channel and partner development · EBITDA and business case · Public and private sector bids · Generative and agentic AI for business

EXPERIENCE

Independent consultant October 2026 – Present

Project development for clients

Development of Brújula de Marca for a client: an agentic MVP in pre-test stage for the competitive benchmark within brand diagnostics for small and medium businesses.

Claro Empresas June 2023 – September 2026

Corporate Accounts Manager, Commercial Management B2B VP

Owned commercial strategy and leadership for the assigned corporate territory across Public Sector, Education, Healthcare, Utilities, systems integrators and technology vendors, running the full sales cycle from demand generation and pipeline through proposal, negotiation and close in telco solutions, IT infrastructure, hybrid cloud, cybersecurity and digital transformation.

Led the public cloud business development cell, coordinating presales, product units and channel partners to position multicloud solutions and application services in strategic accounts. Maintained rigorous forecasting and funnel discipline across installed base and new business, accountable for revenue and margin, with a focus on business EBITDA.

- Strategic renewal at MINVU: dedicated hosting and managed IT services, 36-month contract.
- Strategic renewal at NARI Technologies: ongoing managed services for AMI smart grid network infrastructure, 36-month contract.
- Renewal at Universidad Central (UCEN): virtual hosting, collaboration and networking with managed core perimeter firewall, 60-month contract.
- Upsell at Siemens Healthineers: cybersecurity and IT infrastructure across multiple hospital sites.
- New logo at Chilquinta Servicios: managed IaaS and IT infrastructure services.
- Upsell at IDEMIA Identity: cross-sell of hybrid cloud and colocation on top of the connectivity base.
- New logo at Metro de Santiago: managed network and security services.
- Upsell at AGFA: hosting with internet links and firewall security, 48-month contract.

IBM Chile September 2021 – May 2023

Brand Sales Specialist, Technology Lifecycle Services

Owned the commercial strategy for technology lifecycle services, covering IBM infrastructure (systems, software and hybrid cloud) and multivendor support (Microsoft, Oracle, Open Source), across a multi-industry territory: Financial Services, Retail, Manufacturing and Government. Ran the full sales cycle with channel partners and technical specialists, with forecasting and pipeline in Salesforce.

- 134% over achievement of quota (FY2022).
- 0% churn: full retention of the installed base during the fiscal year.
- Top Performer at IBM Global Sales School (6-month intensive program).
- Upsell at Coasin Logicalis: IT support and operational continuity for end clients in Banking.

ORION March 2020 – September 2021

Key Account Manager

Owned new business and upsell and cross-sell plans across the installed base, running the full sales cycle in cloud (GCP, AWS, Huawei Cloud), application services, cybersecurity, data infrastructure and digital workplace for the Public Sector. Developed the partner ecosystem with Google, AWS, Microsoft, Cisco, Fortinet, TrendMicro and Huawei.

- New logo at the Ministry of the Interior (SUBDERE), National Registry of Municipal Licenses: migration to Huawei Cloud, managed services and application modernization.
- New logo at the Ministry of Social Development: migration to Huawei Cloud, managed services and application modernization.
- Renewed 21 municipalities on Digital Workplace (Google Workspace) with 0% churn.
- Cross-sell: vehicle scheduling and dispatch application for the municipal pharmacy of Puerto Montt.

EMACH, Technology Integrator and BPO August 2016 – March 2020

Deputy Commercial Manager

Owned the annual sales and marketing plan, public tenders and leadership of a team of 5 sales executives. Led product strategy for the import, sale and distribution of biometrics and electronic security equipment (Fingertec) in Chile, Bolivia and Peru, managing the marketing budget and the regional channel partner network.

- Healthcare: 12 new hospital sites added to the Emach Cloud installed base.
- Labor Directorate certification for Fingertec biometric systems, enabling their formal commercialization.
- Digital marketing: inbound and outbound Google Ads campaigns for lead generation and positioning in Chile, Bolivia and Peru.

EMACH, Technology Integrator August 2015 – August 2016

Key Account Manager

Managed and developed key accounts, public tenders and annual sales targets.

EDUCATION

- Postgraduate Diploma in Artificial Intelligence Applied to Business, School of Industrial Engineering, Universidad de Chile (April to October 2026).
- Postgraduate Diploma in Commercial Management and Sales, Business School, Universidad Adolfo Ibáñez (March to December 2017).
- Political Scientist and professional degree in Public Administration, Universidad Central de Chile (1997 to 2002).
